Re: Off-Site Rule Acceptability Determination  
Elk Run Landfill  
MDNRE - 391216

Dear Mr. Runkel:

This letter is in response to your January 4, 2008 letter, to William Damico, of my staff, regarding the Elk Run Landfill, Onaway, Michigan request for CERCLA Off-Site Rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that Elk Run Landfill, Onaway, Michigan meets the acceptability criteria. Therefore, Elk Run Landfill, 20667 Five Mile Highway, Onaway, Michigan is acceptable to receive waste from CERCLA sites.

This acceptability determination is based on the assumption that only wastes which comply with the permits issued to Elk Run Landfill, Onaway, Michigan will be accepted. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Contact(s). If you have questions, please contact Mr. Damico, at (312) 353-8207.

Sincerely,

A handwritten signature in cursive script, reading "Gary J. Victorine".

Gary J. Victorine  
Acting Chief, RCRA Branch  
Land and Chemicals Division
